

tree protectors & grilles

The Rainbow range of town and country tree protectors are the most cost effective solution on the market

- Black polymer coated for long life protection
- Safe design for injury prevention
- Strong welded British steel construction
- Easy to install
- Corrosion resistant fixing bolts supplied as standard
- Locking feet included

The Rainbow Premier and Classic design along with the Tree City Grille, afford the protection young and semi-mature trees need, particularly if they are in populated areas.

The Rainbow Premier and Classic range are designed and manufactured to a high standard.

The Premier range is available in high specification black polymer coated steel and the classic range is available in standard galvanized or high specification black polymer coated, offering long life protection. Both ranges have a unique 'drive in' feet locking system securing the protector into the ground. Supplied in three sections, the protector is simply bolted together using the supplied corrosion resistant fixing bolts.

On many urban and rural sites, newly planted trees need protection from vandalism, machinery and animals with Rainbow offering a special sheep proof version. In many situations wire mesh guards and other protection methods are not sufficient to effectively protect the tree.

Rainbow Professional Tree Protectors are the ideal solution to protect semi-mature trees from harmful damage. The Premier has a 20mm round bar design and Classic having a flat bar design that offers protection to the most vulnerable area of the tree, the trunk. They are made from mild steel and are polymer coated (galvanized finish also available) offering increased protection and durability.

All protectors are supplied in three parts allowing installation to take place after the tree has been planted. Once the tree has reached maturity and the protector is no longer needed it can easily be removed and re-used. Protectors can be used without grilles where the ground is soft and no hard surface is present.

Code	Type	Colour	Diameter	Height	Style
C750	Classic	Galvanized	40	1.8m	Roll Top
C751	Classic	Black	40	1.8m	Roll Top
C752	Classic	Galvanized	60	1.8m	Roll Top
C753	Classic	Black	60	1.8m	Roll Top
C758	Classic	Black	40	1.8m	Sheep Roll Top
C765	Premier	Black	40	1.8m	Roll Top
C766	Premier	Black	60	1.8m	Roll Top
C767	Premier	Black	40	1.8m	Deco Roll Top
C768	Premier	Black	60	1.8m	Deco Roll Top
C769	Premier	Black	40	1.8m	Straight Top
C770	Premier	Black	60	1.8m	Straight Top

Grilles and Frames

The grilles are supplied in four pieces and are manufactured in a specially formulated SG iron making them effectively shatterproof, unlike most other cast iron products on the market. Available in three different sizes they are supplied as standard with a black painted finish. Black polymer coated option now available.

Code	Type	Size	Hole Diameter	Frame Code
C759	Tree City Grille	80cm x 80cm	40cm	C762
C760	Tree City Grille	100cm x 100cm	50cm	C763
C761	Tree City Grille	120cm x 120cm	60cm	C764
